## INTRODUCTION

- Located in Central India at Nagpur, the Tiger Capital & 2nd Capital of State Of Maharashtra
- We are a bunch of professionals from varied background offering unique experience in wilderness
- With a group of like-minded travel enthusiasts, the idea is to preserve the natural habitat, the wildlife and promote community well-being by meeting the loose ends
- The desire to give back something to nature lead to the creation of “Aranya Wildlife”, an independent travel & hospitality enterprise which believes that tourism is a major tool in forest preservation and Tiger conservation!
- With our years of hands on experience about the jungles of India, we at Aranya customise your wildlife holidays for a unique ‘wild’ jungle experience in India

- Contribute for health check-up camps
- Distribute your unused clothes, toys and other stuff for villagers
- Contribute our service as a volunteer in forest department: Census activity and anti-poaching squad

## Testimonials...

We take pride in creating outstanding wildlife holidays for you. Our team of wildlife experts mentored by Himanshu explore destinations around the Central India to ensure we give you the finest wildlife encounters. We offer tailor-made itineraries to suit your personal requirements and small group holidays with like-minded wildlife enthusiasts.

## Don't Just Take Our Word For It...here Are Some Feedbacks From Our Client...

### Robert I Ferguson

Publisher Wild Creatures Of Asia & Traveller To Tadoba In November 2016

We spent 4 days in Tadoba and we were lucky to have Himanshu as our guide he brings so much more to the experience than that simple word says. He is an expert naturalist who is familiar with the birds, grasses, insects as well as the more obvious birds and larger mammals. He is always looking for the best experience and your comfort, which is important when you are spending dawn till dusk in a cold bumpy open top small jeep! Always great company and willing to discuss all aspects of India & its wildlife. But the best of all, his experience will lead you to Tigers! Certainly not easy to find, we saw more Tigers with follows the various jungle signs, like alarm calls, to bring you the best chance of seeing a Tiger. We saw a mother and cubs twice, really close...plus a leopard, sloth bear, wild dogs and so many other birds and beasts.

As he says, I can confirm he is "A park naturalist, conservationist, wildlife tracker, historian, social worker and also a mentor people interested in the wildlife".

My last is that he is also keenly aware and interested in helping photographers...best light, best shot...he really knows his stuff.

## Radha Venugopal

Luxury Travel Designer & A Traveller To Tadoba & Pench In Oct 2015

Himanshu's passion for conservation shines through in his work ethics, his immense knowledge, enthusiasm and innovative approach to create awareness about Tadoba and the surrounding forest reserves of Nagpur is indeed laudable. Kudos to his commitment, perseverance and hard work. It is a pleasure to be associated with him!

## Kriti Pabrekar Patil

A traveller to Kanha and Pench in 2016 From Mumbai

Himanshu is a naturalist par excellence. I have known him from 2015 when I toured Tadoba National Park, Maharashtra with my husband. Together we have absolutely enjoyed Himanshu's company on all our safaris. He has thorough knowledge of his forte and that coupled with a perfect personality proved to be the best

In 2016, we requested Himanshu to help us organise our annual wildlife trip to Kanha and Pench in Madhya Pradesh. This again he did with an absolute flair. The entire trip was so perfectly planned from the beginning until the very end we had nothing to worry about the logistics. Himanshu introduced us to a very well educated naturalist in Pench who helped us understand all the knitty grittiness of wildlife. We would rate Himanshu highest in knowledge base, Client communication, Wildlife safari – excursion execution and management.
